

**MAKE FRIENDS
WHILE YOU**

*make a
difference.*

Builders Club is made up of students who want to make positive changes in our school and community. We take turns leading projects, committees and our club and help each other overcome challenges so we can successfully serve others. One month we might raise money or collect books, food or clothing for a worthy organization. Another month we might work with an animal shelter to clean kennels or a senior center to build a community garden. The entire club votes on where we want to spend our time and energy.

Helping others ends up helping us too. We learn how to lead and make things happen. We discover how to work with each other and bring out the best in one another. Best of all, we make friends who care as much as we do about creating a better world.

*Everyone
is welcome in
Builders Club.*

We hope you will come to one of our club meetings and check out what we do. We need good people like you.
