The council meets four times during the school year. Share these links to the [council overview](#) and the [online council application form](#) with your advisor. The application deadline is May 31.

CONGRATS, AWARDEES!

Check out the clubs, advisors, officers and talented contest entry creators who earned [Builders Club awards for 2025-26](#)! We recognized:

- Distinguished and Honor Clubs that took time to complete the annual achievement report, sharing examples of different types of service, student leadership, favorite service projects and more.
- Advisors and officers that earned Distinguished awards for fulfilling their roles with intention, care and dedication.
- Single Service Project awardees that shared why they chose to address a need, how they developed a project plan, the impact of their project and more.
- Winning contest entries that showed students' communication, organization and creativity.

Congratulations to the winners for changing their schools and communities — and for sharing their stories. They show what it means to be service leaders!
